Description

Edit

Precondition:

1. User is logged in to Jenkins and is on the main page.

Steps:

1. Click on the link "Manage Jenkins" on the left SideBar menu.
2. Navigate to the Security section.
3. Click on the "Users" link.
4. Click on the "+ Create User" button.
5. Type a valid username into the username input field.
6. Type a valid password into the password input field.
7. Type the same password (from step 6) into the confirm password input field.
8. Type a valid full name into the full name input field.
9. Type a valid email address into the email address input field.
10. Click the "Create User" button.

Expected results:

- The page with the title "User" is opened.
- The created username and full name are displayed in the users table.
