### Description

Edit

#### **Precondition:**

1. User is logged in to Jenkins.
2. An Organization folder with specific configurations is created.
3. User is on the main page.

#### **Steps:**

1. Click on the "+ New Item" button.
2. Type a new name into input field "Enter an item name."
3. Type name of the created Organization folder into the input field with the placeholder "Type to autocomplete" under the message "If you want to create a new item from other existing, you can use this option."
4. Click the "OK" button.
5. Check that on the Configuration page, the configuration of clone folder is the same as in the parent Organization folder.
6. Click the "Save" button.
7. Return to the main page by clicking Jenkins logo.

#### **Expected results:**

1. Both names of Organization Folders (parent and clone) are displayed on the Dashboard.
