☰ Description   Edit

Precondition:

1. User is logged in to Jenkins.
2. New user is created with valid credentials
3. User is on the "Jenkins' own user database" page

Steps:

1. Click on the Configure button in the Users table in the row of the created user

Expected results:

- The opened page has url endpoint "username/configure"
- The breadcrumb trail's last section is "Configure"
